C114bany**VISION AND STRATEGIC FRAMEWORK****Vision**

Banyule's *Council Plan 2017-2021* sets the main objectives and key strategic directions for the relevant four year period. The vision included in that plan guides the Municipal Strategic Statement (MSS):

- Banyule, a green sustainable and vibrant place for a healthy, connected and inclusive community.

Relevant objectives and strategies for the MSS include:

Environmental Sustainability – Protect and care for the natural environment

- To protect and enhance our natural environment
- To conserve water and improve stormwater management
- To lead in planning for, and responding to, climate change

Maintain and enhance our public spaces, buildings and infrastructure

- To preserve and improve Banyule as a great place to live, work and play
- To invest in and support activity centres and employment precincts
- To provide great public and open spaces
- To support sustainable transport

Engage meaningfully and advocate for the broader interest of the community

- Engage meaningfully with our community and encourage participation
- Communicate effectively with our community

C71**Strategic Framework**

The Municipal Strategic Statement sets the direction for land use and development in Banyule in relation to five key elements and expresses objectives and strategies. Together, they form the strategic land-use and development framework plan for Banyule.

The five key elements are:

- Clause 21.03 'Cultural Heritage'
- Clause 21.04 'Land Use' (Housing, Commercial, Industrial and Community Facilities)
- Clause 21.05 'Natural Environment'
- Clause 21.06 'Built Environment'
- Clause 21.07 'Transport and Infrastructure'

Each of the key elements identifies Key Issues, Objectives, and Strategies. While Strategies have been linked to Objectives, this does not preclude a Strategy from contributing to separately listed Objectives, nor is the list of Strategies for each Objective exhaustive.

In addition to the five key elements, strategic direction is also provided for development within Banyule's local places (clause 21.08). These places include activity centres and other places of strategic significance.
