Requirements for development plan

The development plan should:

- Describe the relationship of developments proposed on the land to existing and proposed developments on adjoining land and proposed buffer areas separating land uses.
- Provide appropriate arrangements for the provision of necessary physical and social infrastructure.
- Identify the staging and anticipated timing of development.
- Provide for an overall scheme of landscaping and any necessary arrangements for the preservation or regeneration of existing vegetation.
- Provide a soil and water report to demonstrate the capacity of infrastructure to service the development, treat and retard stormwater, and reduce any impacts on soil and water downstream of the development.
