Permit requirement

A permit is not required to construct a building or construct or carry out works on land subject to an existing planning permit, restriction or agreement:

- if land has been developed in accordance with a planning permit, restriction or section 173 agreement requiring its ground level to be finished at least 300 millimetres above the 100-year ARI (average recurrence interval) flood level; and
- survey plans confirm that the ground level has been constructed in accordance with the requirements of a planning permit, restriction or subdivision; and
- any buildings and works do not lower the ground level or result in a finished floor level for a dwelling that is below 300 millimetres above the 100-year ARI flood level.
