The following decision guidelines apply to an application for a permit under clause 32.09, in addition to those specified in clause 32.09 and elsewhere in the scheme:

- Whether the proposed subdivision may result in development which will adversely affect the significance, character or appearance of heritage places.
- Whether the location, form and appearance of a proposed building is in keeping with the character and appearance of adjacent buildings and heritage places.
- The susceptibility of the development to flooding and flood damage.
- Whether the level of risk to life, property and community infrastructure from bushfire is acceptable.
