LOCAL PLANNING POLICIES

03/10/2013
C134

City-wide land use policies are now presented for the implementation of each of the key issues identified in Clause 21.

The MSS Context is provided for each policy to provide the link between the strategic basis and the statutory implementation.

The Policy Basis description at the commencement of the policy is included in order to articulate the rationale for the policy.

The Policy Objectives are derived from and expand upon the overarching objectives at Clause 21-03.

The role of the policies in the Planning Scheme is to give local expression to the discretion provided in each zone.
