#### Buildings and works

A permit is required to construct or carry out any buildings or works.

##### Application requirements

##### Height

Buildings should not exceed a maximum height of 8 metres above ground level.

## Setbacks

- Buildings must be setback a minimum of 40 metres from the Fifteenth Street boundary.
- Buildings must be setback a minimum of 10 metres from the Cowra Avenue and Sandilong Avenue boundaries.
- For those sites in excess of 1 hectare, buildings must be setback a minimum 10 metres from one side boundary;
- For those sites in excess of 1 hectare, buildings must be setback a minimum 4 metres from the other side boundary; and
- Where vehicular access is provided to the rear of the site, there must be a minimum of 3.0 metre setback from the side boundary to allow for the provision of a landscaped buffer.

## Building frontage to Fifteenth Street

- Building frontages should be articulated with a maximum of 30 metres to the street frontage.

## Fences

Front fences are to be well recessed from Fifteenth Street and be permeable.

#### Decision guidelines

Before deciding on an application to use or subdivide land, construct a building or construct or carry out works, in addition to the decision guidelines in Clause 65, the responsible authority must consider, as appropriate:

- The Urban Design Guidelines Mildura Irymple Urban Transition Area (April 2007)
- The Mildura Irymple Interface Study (2006)
- The provisions of Design and Development Overlay (Schedule 11).
- The capability of the land to accommodate the proposed use or development.

- Whether the site is suitable for the use or development and the compatibility of the proposal with adjoining land uses.
- The location of on site effluent disposal areas to minimise impact of nutrient loads on waterways and native vegetation.
- The need to minimise any adverse impacts of siting, design, height, bulk, and colours and materials to be used, on landscape features, major roads and vistas.
- The location and design of existing and proposed infrastructure services which minimises the visual impact on the landscape.
- The need to minimise adverse impacts on the character and appearance of the area or features of archaeological, historic or scientific significance or of natural scenic beauty or importance.
