**Use of land****Amenity of the neighbourhood**

A use must not adversely affect the amenity of the neighbourhood, including through the:

- Transport of materials, goods or commodities to or from the land.
- Appearance of any stored goods or materials.
- Emission of noise, artificial light, vibration, odour, fumes, dust, waste water, waste products, oil or otherwise.

**Application requirements**

An application to use land for a use associated with the airfield, industry or warehouse must be accompanied by the following information, as appropriate:

- The purpose of the use and the types of processes to be utilised.
- The type and quantity of goods to be stored processed or produced.
- How land not required for immediate use is to be maintained.
- Whether a Works Approval or Waste Discharge Licence is required from the Environment Protection Authority.
- Whether a licence under the Dangerous Goods Act 1985 is required.
- The likely effects, if any, on the neighbourhood, including:
  - Noise levels.
  - Air-borne emissions.
  - Emissions to land or water.
  - Traffic, including the hours of delivery and dispatch.
  - Light spill or glare.

**Decision guidelines**

Before deciding on an application to use land, the responsible authority must consider, as appropriate:

- The State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.
- The effect that the use may have on nearby existing or proposed residential areas, having regard to any comments or directions of the referral authorities.
- The effect existing activities may have on the proposed use.
- The drainage of the land.
- The availability of and connection to services.

- The effect of traffic to be generated on roads.
- The interim use of those parts of the land not required for the proposed use.

### **Subdivision**

#### **Permit requirement**

A permit is required to subdivide land.

#### **Decision guidelines**

Before deciding on an application to subdivide land, the responsible authority must consider, as appropriate:

- The State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.
- The interface with residential areas.
- The effect the subdivision will have on the potential of the land to accommodate existing and potential future uses in accordance with the purpose of this zone.

### **Buildings and works**

#### **Permit requirement**

A permit is required to construct a building or construct or carry out works.

This does not apply to a building or works which:

- Rearrange, alter, renew or maintain plant if the area or height of the plant is not increased.
- Comply with a direction or licence under the Dangerous Goods Act 1985 or a Waste Discharge Licence, Works Approval or Pollution Abatement Notice under the Environment Protection Act 1970.

#### **Application requirements**

An application to construct a building or construct or carry out works must be accompanied by the following information, as appropriate:

- A plan drawn to scale which shows:
  - The boundaries and dimensions of the site.
  - Adjoining roads.
  - Relevant ground levels.
  - The layout of existing and proposed buildings and works.
  - Driveways and vehicle parking and loading areas.
  - Proposed landscape areas.
  - External storage and waste treatment areas.
- Elevation drawings to scale which show the colour and materials of all buildings.

- Construction details of all drainage works, driveways and vehicle parking and loading areas.
- A landscape layout which includes the description of vegetation to be planted, the surfaces to be constructed, a site works specification and the method of preparing, draining, watering and maintaining the landscape area.

### **Decision guidelines**

Before deciding on an application to construct a building or construct or carry out works, the responsible authority must consider, as appropriate:

- The State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.
- Whether the proposed development will prejudice the future use of the land as an airfield.
- Streetscape character and built form.
- Landscape treatment.
- Interface with residential areas.
- Parking and site access.
- Loading and service areas.
- Outdoor storage.
- Lighting.
- Stormwater discharge.

### **Maintenance**

All buildings and works must be maintained in good order and appearance to the satisfaction of the responsible authority.
