Settlement - Metropolitan Melbourne

**Strategies**

Maintain a permanent urban growth boundary around Melbourne to create a more consolidated, sustainable city and protect the values of non-urban land.

Focus investment and growth in places of state significance, including:

- Metropolitan Melbourne Central City.
- National Employment and Innovation Clusters.
- Metropolitan Activity Centres.
- State-Significant Industrial Precincts.
- Transport Gateways.
- Health and Education Precincts.
- Major Urban-Renewal Precincts.

Develop a network of activity centres linked by transport; consisting of Metropolitan Activity Centres supported by a network of vibrant major and neighbourhood activity centres of varying size, role and function.

Create mixed-use neighbourhoods at varying densities, including through the development of urban-renewal precincts, that offer more choice in housing, create jobs and opportunities for local businesses and deliver better access to services and facilities.
Note: Potential infrastructure projects and gateways are subject to Infrastructure Victoria advice and Victorian Government approval. This framework will be updated at the end of 2017, following the government response to Infrastructure Victoria's 30 Year Plan.
