Decision guidelines

The following decision guidelines apply to an application for a permit under clause 32.08, in addition to those specified in clause 32.08 and elsewhere in the scheme:

- Whether the development provides for an appropriate built form transition to residential properties in the Neighbourhood Residential Zone.
- Whether the vegetation in the street setback will contribute to the preferred neighbourhood character and the public realm.
- Whether there is sufficient permeable space that is not encumbered by an easement to enable the planting of canopy trees.
- Development should provide for the retention and/or planting of trees, where these are part of the character of the neighbourhood.
