The Development Contribution for each demand unit must be adjusted as follows:

- In relation to the costs associated with all infrastructure items other than land, the cost must be adjusted and the contribution amounts recalculated according to the following method:
  - The capital costs of each infrastructure item must be adjusted by reference to the Producer Price Indexes Australia, Victoria (Table 15 Selected Output of Division E - Construction industry, Building Construction Victoria (for buildings) and Road and Bridge Construction Victoria (for roads, bridges, trails, etc) published by the ABS (Series 6427.0) or similar index;
  - The revised infrastructure costs and the adjustment of the contributions must be calculated as at 1 July in each year.
- In relation to the cost of land required under the DCP, the land value must be adjusted by adopting a revised land value for each parcel to be acquired based on the same valuation principles.
- The revised land value and the adjustment of the contributions must be calculated as of 1 July in each year.
- Within 14 days of the adjustments being made, the Responsible Authority must publish a notice of the amended contributions on its website.

**The Community Infrastructure Levy (CIL) payable under this Development Contributions Plan (DCP)**

Section 46L of the *Planning and Environment Act 1987* sets the maximum CIL amount that can be collected under an approved DCP

If the maximum amount of the CIL which may be collected under an approved DCP is varied under section 46L of the *Planning and Environment Act 1987*, the collecting agency may adjust the amount of the CIL payable under this DCP in accordance with section 46L of the *Planning and Environment Act 1987*.

If the collecting agency adjusts the amount of the CIL payment under this DCP, the collecting agency will publish the adjusted amount of the CIL payable under this DCP on its website.
