**Objectives, Strategies and Implementation**

**Objective 1**

Plan, build, maintain and retire infrastructure to meet the needs of the municipality and its community.

**Strategy**

- Identify required infrastructure maintenance and provision and ensure service standards are maintained.
- Work with other agencies and the private sector to deliver priority projects.

**Objective 2**

Ensure that infrastructure requirements are provided in a timely manner to support development opportunities, economic growth and job creation in the municipality.

**Strategy**

- Encourage the provision of infrastructure in conjunction with new development.
- Ensure that development in established areas contributes to the provision of adequate infrastructure to service the requirements of a growing community.

**Further strategic work**

- Investigate the need for Development Contributions Plans to fund physical and community infrastructure associated with urban development.
