Buildings and works

A permit is not required to construct a building or construct or carry out works.

A permit is required to construct a front fence or side fence unless it meets the following requirements:

- It is a front fence within 3 metres of a street that is at least 25% visually permeable to allow views to front gardens and dwellings and does not exceed 1.2m in height; and
- It is constructed of timber pickets in a style that complements the predominant fencing style in the street; or
- It is a side fence forward of the dwelling not greater than 1.2 metres in height.

Decision guidelines

Before deciding on an application, in addition to the decision guidelines listed at Clause 43.02-5, the responsible authority must consider:

- Whether the proposed fence achieves the statement of neighbourhood character and the neighbourhood character objectives for the relevant schedule to the Neighbourhood Character Overlay.
- The design response.
- The neighbourhood and site description.
- Whether the front or side fence is of an appropriate height and/or material.
- Whether other alternatives, such as vegetation and other fence types that meet the neighbourhood character objectives of the area, have been considered to achieve the applicant's aims.
