Design objectives

To ensure the scale and built form of residential development responds to the existing site circumstances through articulated building elevations and well-proportioned massing and ground level setbacks which make a positive contribution to the public realm.

To provide appropriate front setbacks to allow for substantial high quality landscaping and canopy trees.

To maximise the opportunities to create high quality landscaping, through minimal paving and hard surfaces within front setbacks.

To ensure vehicle accessways and storage facilities do not visually dominate the streetscape.

To ensure that residential development achieves high quality useable private open space outcomes for future residents.
