Subdivision

Decision guidelines
Before deciding on an application to subdivide land the responsible authority must consider, as appropriate:
- The purpose of the Zone.
- The interface with adjoining land uses.

Buildings and works

Application requirements
An application to construct a building or construct or carry out works must be accompanied by the following information, as appropriate:
- a plan drawn to scale which shows:
- The boundaries and dimensions of the site.
- Adjoining roads.
- Relevant ground levels.
- The layout of existing and proposed buildings and works.
- Driveways and vehicle parking and loading areas.
- Proposed landscape areas.
- External storage and waste treatment areas.
- Elevation drawings to scale which show the colour and materials of all buildings and works.

  - Construction details of all drainage works, driveways and vehicle parking and loading areas.
  - A landscape layout which includes the description of vegetation to be planted, the surfaces to be constructed, a site works specification and the method of preparing, draining, watering and maintaining the landscape area.

**Decision guidelines**

Before deciding an application to subdivide land the responsible authority must consider, as appropriate:

  - The purpose of the Zone.
  - The interface with adjoining land uses.
  - The height, siting and form of proposed buildings (including the set back of buildings from lot and street boundaries).
  - The impact of development on native vegetation both on the site and on neighbouring properties.
  - The provision of land for landscaping.

**Advertising signs**

Advertising requirements are at Clause 52.05. This zone is in Category 4.
