</table>
Section 3 - Prohibited

Use

Accommodation (other than Caretakers House or Residential Building
Brothel
Cemetery
Cinema Based Entertainment facility
Crematorium
Funeral Parlour
Industry
Saleyard
Service Station

Use of land

Amenity of the Neighbourhood
The use of land must not adversely affect the amenity of the neighbourhood by:
- Traffic and car parking generated by the use.
- The transport of materials or goods to or from the land.
- The appearance of any building, works or materials.
- Noise generated by the use.

Application Requirements
Any application to use land must include a site plan and description showing how the proposed use will complement the private hospital facility and/or education facility.
An application to use land must be accompanied by the following information, as appropriate:
- The purpose of the use and the type of activities which will be carried out;
- The likely effects, if any, on adjoining land, including noise levels, traffic, the hours of delivery and despatch of goods and materials, hours of operation and light spill, solar access and glare; and
- Maintenance of areas not required for immediate use.

Decision Guidelines
Before deciding on an application to use land, the responsible authority must consider, as appropriate:
- The purpose of the zone;
- The effect that existing uses on nearby or adjoining land may have on the proposed use;
- The effect of traffic to be generated on roads;
- The effect of the proposed use on car parking;
- The availability of and connection to services;
- The drainage of the land;
- The interim use of those parts of the land not required for the proposed use.
Subdivision

The fragmentation of land through subdivision that does not support the purpose of the zone is discouraged.

Application Requirements

Any application to subdivide land must state the intended outcome of the proposed subdivision and its strategic impact on the overall operation of the private hospital facility and/or education facility and address the interface and connectivity between land uses on the site and on adjoining land.

Decision Guidelines

Before deciding on an application to subdivide land the responsible authority must consider, as appropriate:

- The purpose of the zone.
- The maintenance and retention of publicly accessible areas and links between public and private spaces and the various land uses.
- Provision for vehicles providing for supplies, waste removal and emergency services and public transport.
- The interface with adjoining zones, especially the relationship with residential areas.
- The effect the subdivision will have on the potential of the area to accommodate the uses which are encouraged in the zone.

Buildings and works

Application Requirements

An application to construct a building or carry out works must be accompanied by a plan drawn to scale, which shows:

- The boundaries and dimensions of the site.
- Relevant ground levels.
- Adjoining roads.
- The location, height and purpose of buildings and works on adjoining land.
- Elevation drawings indicating the colour and materials of all proposed buildings and works.
- Details of existing and proposed landscaping.
- A plan showing connections between the private hospital and the adjacent Deakin University site.
- Details of all drainage works, driveways, car parking and loading areas.
- External storage and waste treatment areas.
- Any increase in traffic generation.
- The interface with adjoining land uses.

Exemption from Notice and Review

An application to construct a building or construct or carry out works for any Section 1 Use is exempt from the notice requirements of Section 52(1)(a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the Act.
**Decision Guidelines**

Before deciding on an application to construct a building or construct or carry out works, the responsible authority must consider, as appropriate:

- The provision for car parking.
- The appearance and bulk of buildings having regard to the adjoining land.
- The provision of land for landscaping.
- The movement of pedestrians and cyclists and vehicles providing for supplies, waste removal, emergency services and public transport.
- Loading and service areas.
- The effect of the proposed buildings and works on the amenity of the surrounding area including the effects of noise, lighting, overshadowing and privacy.
- The availability of and connection to services.
- The drainage of land.
