C396ggee**Decision guidelines**

The following decision guidelines apply to an application for a permit under Clause 42.01, in addition to those specified in Clause 42.01 and elsewhere in the scheme which must be considered, as appropriate, by the responsible authority:

- The environmental values of the land.
- The effect of any proposed building or works on the environmental values of the land and its immediate locality.

GREATER GEELONG PLANNING SCHEME

- The need to control the siting, shape and height of any buildings or extensions.
- The extent to which the materials, colours and external finishes of buildings conform in appearance and character with adjacent buildings and with the character and appearance of the area generally.
- The reason for removing any vegetation and the practicality of any alternative options which do not require removal of remnant vegetation.
- The importance of the natural environment including any important landscape or conservation characteristics of the area and the suitability of the proposed development.
- Whether appropriate management practices are proposed including the control of environmental weeds and pest animals, the fencing of animals, prevention of soil erosion, fire prevention measures, and revegetation of degraded areas with indigenous plant species.
- The necessity of retaining a buffer strip of vegetation in the vicinity of water courses, roads and property boundaries.
- The objectives and guidelines of the *Armstrong Creek West Precinct Structure Plan*, September 2012.
