* Capped at a maximum contribution of \$900 per dwelling

The Development Contribution for each demand unit must be adjusted as follows:

- In relation to the costs associated with all infrastructure items other than land, the cost must be adjusted and the contribution amounts recalculated according to the following method:
 - The capital costs of each infrastructure item must be adjusted by reference to the Producer Price Indexes Australia, Victoria (Table 15 Selected Output of Division E - Construction industry, Building Construction Victoria (for buildings) and Road and Bridge Construction Victoria (for roads, bridges, trails, etc) published by the ABS (Series 6427.0) or similar index;
 - The revised infrastructure costs and the adjustment of the contributions must be calculated as at 1 July in each year.
- In relation to the cost of land required under the Armstrong Creek East Precinct DCP, the land value must be adjusted by adopting a revised land value for each parcel to be acquired based on the same valuation principles.
- The revised land value and the adjustment of the contributions must be calculated as of 1 July in each year.
- Within 14 days of the adjustments being made, the Responsible Authority must publish a notice of the amended contributions on its website.
