Neighbourhood character objectives

To reinforce the garden character of established neighbourhoods, while accommodating modest housing growth in the form of multi level residential developments, townhouses and units within walking distance of the Traralgon Primary Activity Centre.

To ensure new medium density development provides a sensitive and appropriate interface with adjoining streetscapes, buildings and residential areas.

To ensure upper levels of buildings are set back to minimise dominance within the streetscape.

To encourage walls on boundaries to be setback from the building façade to provide space for landscaping, building articulation and space between dwellings.

To encourage the retention and planting of canopy trees in the front setback and low or open style front fences.

Decision guidelines

The following decision guidelines apply to an application for a permit under Clause 32.08, in addition to those specified in Clause 32.08 and elsewhere in the scheme which must be considered, as appropriate, by the responsible authority:

- Whether the new development reinforces the wide streetscape and garden dominant character of the area.
- Whether vehicle access points are safe and accessible and promote a walkable neighbourhood by providing space for car parking in front of garages and carports within the property boundary.
- Whether the building façade provides articulation and appearance of space between dwellings.
- Whether walls on boundaries are setback from the building façade.
- Whether space is provided within the front setback for landscaping.
- Whether the development provides for an appropriate visual transition to residential properties in a Neighbourhood Residential Zone.
