**VISION**

Moonee Valley is a healthy city strengthened by a network of 20-minute neighbourhoods where all people, at all stages of life, can live locally, accessing most of their needs close to their homes. The neighbourhoods are beautiful, sustainable and have strong community connections enabling citizens and the environment to be healthy and resilient.

The following are the building blocks to achieve a healthy Moonee Valley:

- A **fair** city that values diversity, where everyone feels safe, is included, is healthy and has access to services and housing.
- A **thriving** city with access to jobs, lifelong learning, vibrant and dynamic activity centres.
- A **connected** city of accessible, active and sustainable transport choices.
- A **green** city that is ecologically healthy and environmentally responsible.
- A **beautiful** city that celebrates its identity, heritage and open spaces.
