**Major educational uses**

**Objective**

To encourage master planning for educational institutions and minimise impacts on the amenity of local residential areas.

**Strategies**

Encourage the preparation of master plans for the development of schools, higher education and similar facilities to:

- Mitigate any detrimental effects on the amenity of local residential areas.
- Mitigate any detrimental effects on the safe movement of pedestrians, cyclists and vehicles.
- Maintain student numbers compatible with the amenity of residential areas.
