**Community facilities**

**Objective**

To create a network of accessible, adaptable, multi-purpose cultural and community hubs/facilities.

**Strategies**

Encourage adaptable, multi-purpose facilities that incorporate a range of cultural, commercial and community uses instead of standalone or specialist facilities.

Facilitate opportunities to leverage community facilities as catalysts for urban and economic activation.

Deliver a network of accessible, adaptable community hubs that provide spaces for learning, collaboration, community connection, leisure and arts, preferably co-located with other services in activity centres.

Extend the reach of the arts throughout the municipality by encouraging multi-purpose spaces for arts, exhibitions and creative activities.

**Policy guideline**

Consider as relevant:

- The impact of a new facility or the expansion of an existing facility on the amenity of surrounding residential areas.
