2.019/01/2006
VC37**Use of land****Amenity of the neighbourhood**

A use must not detrimentally affect the amenity of the neighbourhood, including through the:

- Transport of materials, goods or commodities to or from the land.
- Appearance of any building, works or materials.
- Emission of noise, artificial light, vibration, dust, waste water, or waste products.

Application requirements

An application to use land must be accompanied by the following information, as appropriate:

- The purpose of the use and the types of activities which will be carried out.
- The likely effects, if any, on adjoining land including noise levels, traffic, hours of operation and light spill, affect on the privacy of adjoining properties, solar access and glare.
- Maintenance of areas not required for immediate use.

Decision guidelines

Before deciding on an application to use land, the responsible authority must consider, as appropriate:

- The State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.
- The effect that existing uses may have on the proposed use.
- The drainage of the land.
- The availability of and connection to services.
- The effect of traffic to be generated on roads.
- The interim use of those parts of the land not required for the proposed use.

3.019/01/2006
VC37**Subdivision****Permit requirement**

A permit is required to subdivide land.

Decision guidelines

Before deciding on an application to subdivide land, the responsible authority must consider, as appropriate:

- The State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.
- The interface with adjoining zones especially the relationship with residential areas.
- The effect the subdivision will have on the potential of the land to accommodate existing and potential future uses in accordance with the purpose of this zone.

4.019/01/2006
VC37**Buildings and works****Permit requirement**

A permit is required to construct a building or construct or carry out works.

This does not apply to a building or works which:

- Alter electrical or gas services or telephone lines.

- Alter plumbing services which do not affect the drainage of other land.
- Install a temporary shed or temporary structure for construction purposes.
- Provide for fire protection under the relevant legislation.

Application requirements

An application to construct a building or construct or carry out works must be accompanied by the following information, as appropriate:

- A plan drawn to scale which shows:
 - The boundaries and dimensions of the site.
 - Adjoining roads.
 - The location, height and purpose of buildings and works on adjoining land.
 - Relevant ground levels.
 - The layout of existing and proposed buildings and works.
 - All driveway, car parking and loading areas.
 - Proposed landscape areas.
 - Areas not required for immediate use.
- Elevation drawings to scale showing the colour and materials of all buildings and works.
- Construction details of all drainage works, driveways, vehicle parking and loading areas.
- A landscape layout which includes the description of vegetation to be planted, the surfaces to be constructed, site works specification and method of preparing, draining, watering and maintaining the landscape area.

Decision guidelines

Before deciding on an application to construct a building or construct or carry out works, the responsible authority must consider, as appropriate:

- The State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.
- The effect of the proposed buildings and works on the amenity of the neighbouring properties.
- The provision of landscaping.
- The provision of access and car parking, including pick up and drop off areas where appropriate.
- The interface with adjoining zones especially the relationship with residential areas.
- The streetscape, access from the street front, the treatment of the fronts and backs of buildings and their appurtenances, illumination of buildings or their immediate spaces and landscaping of land adjoining a road.
- The storage of rubbish and materials for recycling.
- Defining the responsibility for the maintenance of buildings, landscaping and paved areas.
- The availability of and connection to services.
- The design of buildings to provide for solar access.

Maintenance

All buildings and works must be maintained in good order and appearance to the satisfaction of the responsible authority.
