Use of land

Application requirements

An application to use land must be accompanied by the following information, as appropriate:

- The purpose of the use and the types of activities which will be carried out.
- The likely effects, if any, on adjoining land including noise levels, traffic, the hours of delivery and dispatch of goods and materials, hours of operation and light spill, solar access and glare.

- Maintenance of areas not required for immediate use.

Exemption from notice and appeal

An application to use land is exempt from the notice requirements of Section 52(1)(a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the Act if it is generally in accordance with the Moonah Links Comprehensive Development Plan (May 1999).

Decision guidelines

Before deciding on an application to use land, the responsible authority must consider, as appropriate:

- The contents and intent of the Moonah Links Comprehensive Development Plan (May 1999).
- Any comments of the Department of Natural Resources and Environment.
- The protection and enhancement of the natural environment and the character of the area including the retention of vegetation and faunal habitat and the need to plant vegetation along waterways, gullies, ridgelines and property boundaries.
- The availability and provision of utility services, including sewerage, water, drainage, electricity, gas and telecommunications.

Subdivision

Staging

Subdivision of the resort lots may occur in stages.

Until the West Course (championship 18-hole golf course) has been substantially constructed, a Statement of Compliance must not be issued which will result in the total of resort lots subdivided exceeding 90.

Application requirements

- An application to subdivide land must be accompanied by the following information, as appropriate:
 - A plan drawn to scale which shows:
 - The boundaries and dimensions of the site.
 - Adjoining roads.
 - Relevant ground levels.
 - Areas of subdivision, including any areas of common property.
- An Environmental Management Plan for the proposed subdivision or stage addressing potential impacts on the site and on adjoining areas in terms of:
 - Vegetation and habitat.
 - Groundwater and drainage.
 - Soil disturbance, erosion and sedimentation.
 - Public safety.
 - Any sites of archaeological significance.
- Details of compliance with the design guidelines prepared in accordance with the Moonah Links Comprehensive Development Plan (May 1999) affecting the land.

Exemption from notice and appeal

An application to subdivide land is exempt from the notice requirements of Section 52(1)(a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the Act if it is generally in accordance with the Moonah Links Comprehensive Development Plan (May 1999).

Decision guidelines

Before deciding on an application to subdivide land, the responsible authority must consider, as appropriate:

- The contents and intent of the Moonah Links Comprehensive Development Plan (May 1999).
- The design guidelines prepared in accordance with the Moonah Links Comprehensive Development Plan (May 1999) affecting the land.
- Any comments of the Department of Natural Resources and Environment.
- The Environmental Management Plan submitted in accordance with the Application Requirements of this Clause.
- The protection and enhancement of the natural environment and the character of the area including the retention of vegetation and faunal habitat and the need to plant vegetation along waterways, gullies, ridgelines and property boundaries.
- The availability and provision of utility services, including sewerage, water, drainage, electricity, gas and telecommunications.

Buildings and works

Reticulated sewerage

Any development for a use, which will produce wastewater or effluent, must be provided with reticulated sewerage to the satisfaction of the responsible authority.

Construction and extension of single dwellings on lots of at least 300 square metres

A permit is not required to construct or extend one dwelling on a lot of at least 300 square metres, provided the development does not exceed 8 metres in overall height from natural ground level.

Application requirements

An application to construct a building or construct or carry out works must be accompanied by the following information, as appropriate:

- A plan drawn to scale which shows:
 - The boundaries and dimensions of the site.
 - Adjoining roads.
 - The location, height and purpose of buildings and works on adjoining land.
 - Relevant ground levels.
 - The layout of existing and proposed uses.
 - Proposed landscape areas.
 - All external storage and waste treatment areas.
 - Areas not required for immediate use.
- Scaled elevation drawings to identify the colour and materials of all buildings and works.

- An Environmental Management Plan that addresses the impacts of the buildings and works on the site and on adjoining areas in terms of:
 - Vegetation and habitat.
 - Groundwater and drainage.
 - Soil disturbance, erosion and sedimentation.
 - Public safety.
 - Any sites of archaeological significance.
- Details of all driveways, vehicle parking and loading areas.
- A landscape layout which includes the description of vegetation to be planted, the surfaces to be constructed, site works specification and method of preparing, draining, watering, maintaining and monitoring the landscape area.
- Details of compliance with the design guidelines prepared in accordance with the Moonah Links Comprehensive Development Plan (May 1999) affecting the land.

Decision guidelines

Before deciding on an application to construct a building or construct or carry out works, the responsible authority must consider, as appropriate:

- The contents and intent of the Moonah Links Comprehensive Development Plan (May 1999).
- The design guidelines prepared in accordance with the Moonah Links Comprehensive Development Plan (May 1999) affecting the land.
- Any comments of the Department of Natural Resources and Environment.
- The Environmental Management Plan submitted in accordance with the Application Requirements of this Clause.
- The protection and enhancement of the natural environment and the character of the area including the retention of vegetation and faunal habitat and the need to plant vegetation along waterways, gullies, ridgelines and property boundaries.
- The availability and provision of utility services, including sewerage (to buildings requiring wastewater disposal), water, drainage, electricity, gas and telecommunications.
