SCHEDULE 23 TO THE DESIGN AND DEVELOPMENT OVERLAY

Shown on the planning scheme map as DDO23.

WARRNAMBOOL REGIONAL AIRPORT - BUILDING HEIGHT ABOVE 7.5 METRES (RL 79.0M AHD)

1.0

Design objectives

To ensure that flight paths associated with the Warrnambool Regional Airport are protected from the encroachment of inappropriate obstacles to enable the safe and effective operation of the airport.

To ensure that all buildings and works avoid creating a hazard to aircraft in the vicinity of the Warrnambool Regional Airport in order to facilitate safe aircraft operations.

2.0

Buildings and works

A permit is not required to:

- Construct a building or construct and carry our works that are less than 7.5 metres in height.
- Alter an existing building that is 7.5 metres or more in height provided the building height is not increased.

3.0

Decision guidelines

Before deciding on an application, the responsible authority must consider:

- The approved Obstacle Limitation Surface plan for the airport.
- The location and height of the proposed development.
- The need to prevent the development of buildings or structures that could interfere with and cause a safety hazard to aircraft operations.
- The effect of the proposed development, including construction materials, on the clear flight path of aircraft.
