MARYSVILLE VEGETATION PROTECTION AREA**1.0**09/05/2019
C63muri**Statement of nature and significance of vegetation to be protected**

The vegetation within the township of Marysville is of historical and aesthetic significance. Marysville is a significant tourist destination within the Shire. Views and native vegetation from roads leading into Marysville form an important part of the area's character and are important for tourists and residents. The devastating fire of 7 February 2009 resulted in the loss of significant indigenous, native and exotic vegetation. The surviving remnant trees are of value in recreating the landscape character of Marysville.

C63muri**Vegetation protection objectives to be achieved**

Maintain remnant native trees and bushland in and around the township of Marysville, protect the aesthetics and character of gateways into the town and integrate future development of the town in a way that will not detract from the town's unique urban landscape.
