Shown on the planning scheme map as **DDO8**.

EMERGENCY MEDICAL SERVICES HELICOPTER FLIGHTPATH AREA: LEONGATHA HOSPITAL (INNER AREA)**1.0**25/07/2019
C121sgip**Design objectives**

To ensure that the height of all buildings and works are constrained within specified limits to avoid creating a hazard to aircraft in the vicinity of the helicopter landing site serving the Leongatha Memorial Hospital, and to facilitate safe Emergency Medical Service (EMS) helicopter operations.

To ensure that flight paths associated with the Leongatha Memorial Hospital EMS helicopter landing site are protected from the encroachment of inappropriate obstacles which may affect the safe and effective operation of the Leongatha Memorial Hospital EMS helicopter landing site.

C121sgip**Buildings and works**

A permit is not required to:

- Construct a building or construct or carry out works with a height less than 84.55 metres above the Australian Height Datum (AHD).
- Construct building additions and alterations exceeding 84.55 metres AHD, provided:
 - The additions and alterations do not exceed the existing height of the building (measured at the roofline apex) and;
 - The lot does not immediately adjoin the hospital land.

A permit is required to construct a fence with a height greater than 84.55 metres AHD. This does not apply to the construction of a fence in relation to the use of land for a dwelling provided:

- The fence height does not exceed the maximum height of the dwelling measured at the roofline apex and;
- The lot does not immediately adjoin the hospital land.

Notes:

1. The Leongatha Hospital helicopter landing site is at an elevation of 84.55 metres above the AHD.

2. For the purposes of this clause buildings and works include radio masts, television antenna and flagpoles and any construction equipment associated with the buildings and works.

Referral of applications

An application must be referred in accordance with Section 55 of the Act to the referral authority specified in Clause 66.04 or a schedule to that clause. Planning permit applications will be assessed against the Department of Health (Vic) guidelines for helicopter landing sites which incorporate the relevant requirements of the background document *International Civil Aviation Organisation 'Standards and Recommended Practices' Annex 14 Volume II Helicopters* (as amended).

Application requirements

A planning permit application must include the following information:

- The location of the land in relation to the helicopter landing site.
- The location and height of the main features on the land including trees or any other tall features.
- The proposed buildings and works on the land including details of the maximum height of the buildings and works measured from natural ground level.

Note: The Responsible Authority and the Department of Health (Vic) may request applications provide a maximum height (including the height of existing features) related to the Australian Height Datum (prepared by a suitably qualified person) if the proposal is deemed likely to impact safe helicopter operations.

Exemptions from notice and appeal

An application is exempt from the notice requirements of Section 52(1) (a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the Act.
