**Settlement - Metropolitan Melbourne**

**Strategies**

Maintain a permanent urban growth boundary around Melbourne to create a more consolidated, sustainable city and protect the values of non-urban land.

Focus investment and growth in places of state significance, including:

- Metropolitan Melbourne Central City.
- National Employment and Innovation Clusters.
- Metropolitan Activity Centres.
- State-Significant Industrial Precincts.
- Transport Gateways.
- Health and Education Precincts.
- Major Urban-Renewal Precincts.

Develop the Suburban Rail Loop through Melbourne's middle suburbs to facilitate substantial growth and change in major employment, health and education precincts and activity centres beyond the central city at an appropriate scale to address the needs of Melbourne's rapidly growing population.

Develop a network of activity centres linked by transport; consisting of Metropolitan Activity Centres supported by a network of vibrant major and neighbourhood activity centres of varying size, role and function.

Create mixed-use neighbourhoods at varying densities, including through the development of urban-renewal precincts, that offer more choice in housing, create jobs and opportunities for local businesses and deliver better access to services and facilities.

Melbourne 2050 spatial framework
