C239wsea**SCHEDULE 6 TO CLAUSE 43.02 DESIGN AND DEVELOPMENT OVERLAY**Shown on the planning scheme map as **DDO6****LAURIMAR TOWN CENTRE****1.0**19/01/2006
VC37**Design objectives**

To implement the overall objectives of the Mernda Local Structure Plan: Part 1 and the Laurimar Town Centre Development Plan through specific design guidelines.

To promote design that contributes to the provision of a safe, walkable and attractive town centre environment.

To encourage a vibrant, mixed use town centre.

To encourage a high standard of architecture and innovative building design.

To encourage environmentally sound and energy efficient development.

2.019/01/2006
VC37**Buildings and works**

A permit is required to construct a building or to carry out works.

Prior to the issue of a planning permit for the construction of a building or the carrying out of works a *'Design and Development Plan'* must be approved by the responsible authority. The *Design and Development Plan* may include a written report or plans or a combination of both and it must provide design objectives and set out requirements (as appropriate) regarding the following elements:

Site Context

- The local identity of the site.
- Protection and enhancements of views and vistas to surrounding hills and the Laurimar Lakes.
- Methods for the protection of native vegetation where appropriate.

Accessibility

- Relationship between buildings and footpaths and other pedestrian spaces.
- The legibility of key areas and uses within the town centre.
- The connection between the town centre and surrounding residential precincts.
- Pedestrian and cyclist amenity.
- Accessibility to public transport.
- Service vehicle access.

Built Form

- The visual interest created by the built form.
- Bulk, scale and facade articulation.
- External building materials and finishes.
- The interaction and relationship between residential and non-residential uses.
- The flexibility and adaptiveness of building stock within mixed use areas.
- Building setbacks.
- Building envelopes showing building heights, massing, and indicative scale.
- Building energy efficiency ratings.

- Solar access and shade provision.
- Domestic water re-use and conservation.
- Parking.

Public Realm

- The public realm within the town centre's streets, squares, parks and pedestrian spaces.
- Landscape architecture and urban design concept plans for all proposed public open space areas including pedestrian walkways.
- The Design and Development Plan must be prepared for an area which is to the satisfaction of the responsible authority.

Decision guidelines

The following decision guidelines apply to an application for a permit under Clause 43.02, in addition to those specified in Clause 43.02 and elsewhere in the scheme which must be considered, as appropriate, by the responsible authority::

- The objectives of the Mernda Local Structure Plan: Part 1.
- The objectives and requirements of the Laurimar Town Centre Comprehensive Development Plan.
- The objectives and requirements of any approved Development Plan.
- The extent to which the *Design and Development Plan*:
 - contributes to or enhances the character and amenity of the area.
 - contributes to a safe, walkable and attractive town centre environment.
 - contributes to a vibrant, mixed-use town centre.
 - encourages exemplary and innovative architecture.
- The extent to which buildings promote and provide for the efficient use of resources (including water), energy efficiency and reduction in greenhouse gas emissions.
