SCHEDULE 2 TO THE VEGETATION PROTECTION OVERLAY

Shown on the planning scheme map as **VPO2**

ANGLISS ESTATE GRASSLAND RESERVE

1.0

19/01/2006
VC37

Statement of nature and significance of vegetation to be protected

A large area of remnant plains grassland, dominated by *Themeda triandra*. The reserve contains a diverse range of species with depressions containing significant swamp species. The reserve is seen as an adjunct to the Nationally significant Derrimut Grassland Reserve to the north-east.
