VC37

#### Design objectives

- To recognise the importance of main roads to the image of the City.
- To retain existing streetscapes and places of cultural heritage significance and encourage retention of historic buildings and features which contribute to their identity.
- To reinforce and enhance the distinctive heritage qualities of main roads and boulevards.
- To recognise and reinforce the pattern of development and the character of the street, including traditional lot width, in building design.
- To encourage high quality contemporary architecture.
- To encourage urban design that provides for a high level of community safety and comfort.
- To limit visual clutter.
- To maintain and where needed, create, a high level of amenity to adjacent residential uses through the design, height and form of proposed development.

#### 2.0

#### Decision guidelines

Before deciding on an application to construct a building or construct or carry out works, the responsible authority must consider as appropriate:

- The contribution of the proposal to the streetscape.
- The design, height and visual bulk of the development in relation to surrounding land uses and developments.
- The design, height and form of the development in relation to the built form character of the street.
